Plan the visit

- Ranger-led programs are a great way to get the inside story on Theodore Roosevelt Island, whether you are a local who visits every day or a tourist in town for a few hours. Check the calendar to find out when and where to meet for programs. [S2]
- The Swamp Trail is mostly flat with a boardwalk section. [S6]
- The Woods and Upland Trails are surfaced with pea-sized gravel. [S7]

Look and listen

- Birders will find habitat for wading birds, raptors, and warblers. [S3]
- Wildflowers put on a spectacular show in spring and early summer. [S4]
- A variety of trails lend themselves to different activities. [S5]
- An easy flat water paddle around the island is the best way to see how it is shaped by the Potomac River. [S8]

Care and cautions

- If you bring your own craft, you can put it in the water near the footbridge that leads to the island or near the culvert between the two parking lots. If you rent your craft in Georgetown, be prepared to paddle across the wide, busy river. [S9]
